Home-Based Spine & Joint Care

What To Know About Flow Chiropractic

Flow Chiropractic is a house call service that was created by Dr. Jessy Glaub to bring high quality chiropractic care to the homes of people living in Milwaukee and the surrounding areas. During your visit you can expect to be seen for 15-45 minutes depending on the complexity of your condition(s).

What To Expect

I Come To You

You will call to schedule your appointment and complete your paperwork at least 12-hours before your visit. After that initial process, Dr. Jessy will then make a visit to your house.

Identify The Root Problem

During your initial visit, Dr. Jessy will perform a full history intake and complete a thorough physical examination of each complaint and associated area to identify what is triggering your pain.

Evidence-Based Care

After identifying the source of your pain Dr. Jessy will decide what treatments your condition is likely to best respond to and perform all necessary treatments to help you along your journey to less pain and improved health.
