200 E. CAPITOL DR. HARTLAND, WI 53029

Are you thinking about making a big move (literally)?

Thinking about **selling**? I would love to work alongside you to make sure you are getting every penny (and then some!) out of our well-loved home. Let's set your home up to show beautifully from the start! As a WAC member, I will be glad to gift you a **free home cleaning service** OR a **free staging consultation** with an incredible local staging company.

Thinking about **buying**? Whether this is your first house or your fifth, the market is ever changing and no transaction is alike. I want to help you win over the house you just "have to have" and get it for the price YOU want to pay. Once we find that house and close, I will be glad to **gift you a home cleaning service prior to move-in**, so you don't have to do it yourself after weeks of packing.

**Buying AND Selling?** I'll gift you cleaning services in both homes!

I genuinely care for my clients and treat them like family. No matter what, my job is to make sure the sale of a home goes as smooth as possible for you, so you can begin to focus on the next chapter of life!
